A PUBLICATION FOR WHITE BLUFF PROPERTY OWNERS

WINTER 07/08

NOTES FROM THE GENERAL MANAGER

As I write this the temperature outside is 92 degrees. But, by the time you read this, I am sure the cooler weather will have arrived and the temperature will be perfect for golf. The deer and turkeys are more numerous than ever with one particular wild turkey, Jake, who parades around the Administration building daily. He was here last year. I guess Chef Loving did not get him last year for the Thanksgiving Day buffet at the Lighthouse Restaurant. Speaking of Thanksgiving, make sure to reserve your table for Chef Brent Loving's Thanksgiving Day Brunch. We will begin serving at 11 am. The full menu is available on the Web site.

As I am sure most of you know, a fire destroyed the King Building on August 7th. The White Bluff Volunteer Fire Department, in coordination with 8 other fire departments, were able to contain the blaze to just the King Building. We hosted a large group from SMU two days later. We are all very proud of the men and women of the WBVFD. Plans are underway to rebuild a larger hotel on the site. We only lost 19 rooms so we have plenty of space for you to come stay with us.

New Year's Eve is quickly approaching and what better place to celebrate the coming of a new year than the Lighthouse Restaurant with its breathtaking views of the Texas skies and Lake Whitney. After dinner, join the crowd in the conference center and ring in the New Year with dancing to all your favorite songs. Last year we had a great DJ who really had the crowd hopping.

Hope to see you soon and, as always, if there is anything my staff or I can do make your stay at White Bluff Resort more enjoyable please do not hesitate to call me.

SPA NEWS

My name is Julie Reid-Rogers. I am married and have three beautiful children. I have lived in the Whitney area for most of my life. I have worked in the retail field for over ten years. I decided to make a career change. I went to massage school at Central Healing Arts Institute. I had my own private practice in Smithville, TX. I was also employed at Hyatt Lost Pines Resort in Bastrop, TX. We were named HOTSPA of 2007 by Conde' Nast Travel Magazine. I am trained in massage, hot stones, body treatments, and reflexology. I have special training with Ankiri and Epicuren product lines.

In my spare time I enjoy spending time with my family. I'm excited to be a part of the White Bluff team and look forward to meeting everyone.

NEW YEARS EVE

Celebrate New Years Eve with Executive Chef Loving's fabulous buffet at the Lighthouse Restaurant overlooking Lake Whitney followed by dancing and spirits at the conference center. We have brought back the DJ from last year that everyone said was the best ever at White Bluff. We have overnight packages available that include dinner and the party. Visit the Web site to get all the details and peruse the menu. Call (254) 694-0305 for reservations.

NOTES FROM THE FOOD & BEVERAGE TEAM

Fall is upon us and if you haven't visited the Lighthouse in awhile, now is a great time. Chef Brent's new menu is doing very well and is getting many favorable comments. We have a new wine list with some great tasting wines that are also a great value.

Thanksgiving is just around the corner and that means the Thanksgiving Day Buffet from 11 a.m. to 3 p.m. Brent's cooking classes will continue each month. We are looking at doing a wine dinner this winter, as well as another great New Year's Eve buffet and party.

Tip From The Pro

One of the most common things I see in golf lessons is students who have too much lateral motion in the backswing which causes them to sway and lose balance. When you sway you lose both power and consistency. In the past I had always recommended using a golf ball under the heel of your back foot which was a little unstable. Recently I read an article which discussed this same drill using a door jam because of the added stability this made a lot of sense. The drill will help you retain some flex in your back leg on the backswing to prevent swaying, and it will help you drive off the inside of your back foot on the downswing.

The backswing is not a lateral slide or a sway, the weight should shift as a result of the coiling of your upper and lower body. This drill will help you keep your weight centered and on the inside of your back foot, instead of letting the weight move to the outside of the foot creating the sway.

Hopefully this will help you create more distance and accuracy.
